

30-Day Organic Content Plan

Build a repeatable publishing system instead of hoping one video goes viral.

WORKBOOK | WRITE DIRECTLY IN THIS PDF OR PRINT IT

Week 1 - Understand the problem

- Film customer pain points, product demos and common questions.

- Review saves, comments and watch time.

- Keep the hook format that earns attention.

Week 2 - Prove the outcome

- Publish comparison, before/after and use-case content.

- Ask creators or customers for proof clips.

- Document objections in your journal.

Weeks 3 and 4 - Repeat what works

- Make three variations of the strongest angle.

- Use questions from comments as new hooks.

- Review the system weekly, not emotionally after one post.

FOUNDER NOTE

Evidence first. Make the smallest useful decision. Then run the next controlled test.
