

100-Point Shopify Launch Checklist

Launch confidently. Check every customer-facing detail before you publish.

WORKBOOK | WRITE DIRECTLY IN THIS PDF OR PRINT IT

Store foundation

- Business email and sender identity are visible.

- Primary market, currency and checkout settings are correct.

- Domain, favicon and mobile browser title are working.

Product page

- The customer benefit is clear above the fold.

- Price, variant, shipping expectation and return policy are easy to find.

- Product imagery explains use, scale and proof.

Trust and conversion

- Contact, shipping, refund and privacy pages are live.

- Every main button works on mobile.

- A test order completed from product page to confirmation email.

FOUNDER NOTE

Evidence first. Make the smallest useful decision. Then run the next controlled test.
